PROFILE SUMMARY

I am a motivated Java Developer with a good understanding of Core Java, OOPs, Spring Boot, SQL, and web development. I have worked on a final-year group project where I contributed to the frontend development. I enjoy learning new technologies, solving problems, and working with a team to build useful applications.

TECHNICAL SKILLS

- *Programming Languages:* Core Java, OOPs, Collections Framework, Multithreading, Exception Handling, SQL
 - *Frontend Technologies:* HTML, CSS, JavaScript
 - *Backend Technologies:* Spring Boot, REST APIs
 - *Databases & Tools:* MySQL, Git, GitHub, Eclipse, Vscode
 - *Core Computer Science Concepts:* Data Structures & Algorithms (DSA), Database Management Systems (DBMS)
-

PROJECTS

WanderLust — a Full Stack Intelligent Travel and Hospitality Booking Platform.

Technologies: React.js, HTML, CSS, JavaScript, Node.js, Express.js, MongoDB

- Developed and designed responsive frontend interfaces for the travel and hospitality booking platform using React.js, HTML, CSS, and JavaScript.
 - Created user-friendly UI components and pages for exploring destinations, properties, and booking-related features.
 - Integrated frontend components with backend REST APIs to display and manage application data.
 - Collaborated with team members on the development and integration of the full-stack application.
-

EDUCATION

B.Tech – Computer Science & Engineering | CGPA: 7.86/10 | 2026

Sant Gadge Baba Amravati University

HSC – 81.17% | 2022

SSC – 88.60% | 2020

ACHIVEMENTS

- Represented Sant Gadge Baba Amravati University at the Inter-University Cricket Tournament.
 - Served as Vice-Captain & Opening Batsman of the University Cricket Team.
 - Led the College Cricket Team as Captain, demonstrating leadership and teamwork.
-

SOFT SKILLS

Problem Solving | Team Collaboration | Communication | Quick Learner | Time Management
